- 11) Assist with recruitment and transfer of the OR to a new director
- 12) Perform duties as assigned by the Administrator or other designee

SHC INTERIM DIRECTOR ASSIGNMENT

The assignment of the interim director is based on consultant availability at the time the signed contract is received at the SHC office. The consultant currently planned for the assignment is

Ms. Cindy King. A consulting profile for Ms. King is provided in Attachment A. Depending on when the contract is signed and the project is anticipated to start, another consultant may be considered for the assignment and a consulting profile will be forwarded to GCSC.

The interim director will be placed to provide day-to-day management and direction to the OR. If opportunities for operational improvement are apparent, the interim director will implement change in the same manner as an employed director, and will be responsible to GCSC in the same manner as an employed director.

In the event that GCSC wishes to replace the SHC consultant assigned to the project, a two-week notice in writing to SHC will be required.

CONTRACT SCHEDULE

The interim director will be placed on site on a full-time basis. The contract will be scheduled for a six-month period and is renewable on a three-month basis thereafter. Renewals must be requested 45 days or more before the end of the contract and may require another SHC consultant with similar or greater experience and capability.

The project is anticipated to start within 30 days after receipt of the signed contract at the SHC office.

Termination of contract before expiration would require 30 days' notice.

PROJECT COSTS

The consulting fees for the project are noted below.

CONSULTING FEES

- ♦ Weekly Interim Director assistance for a six-month period \$7,500 per week, plus out-of-pocket expenses*

*Out-of-pocket expenses include consultant travel, lodging, transportation, on-site per diem maintenance, telephone charges, copying, postage/shipping, etc. The out-of-pocket expenses will be dependent upon amount and timeliness of in-house assistance and variable travel expenses over the course of the project.

GCSC will provide housing, meals, and transportation expenses for the interim director during tenure at GCSC. Travel expenses include travel from place of residence to hospital city, and to and from hospital while on site. In most cases, this requires use of an automobile. SHC will use whatever means necessary to keep expenses at a minimum, including use of advanced, low-priced ticketing, and use of monthly hotel rates or hospital-owned/recommended housing (efficiency/studio) with housekeeping service. Housing must be reasonably furnished and equipped for weekday use (free internet; light cooking capability – a microwave, coffee maker, and refrigerator at a minimum), safe, and relatively convenient to the hospital. If housing is a weekly hotel room or suite, accommodations should be made for the interim director to store things on the weekends.

SHC recognizes six national holidays that may fall during the contract (New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, and Christmas Day). If one of these holidays falls during the weekly schedule, and it is mutually agreed upon that the consultant should work the holiday, 20% of the weekly fee will be billed for this time. If it is mutually agreed upon that the consultant should not work the holiday, 20% of the weekly fee will not be billed for that day. Time away from the hospital for SHC company meetings, vacations, or other factors will not be charged.

PAYMENT SCHEDULE

The payment schedule follows:

- ♦ Consulting fees for the Interim Director will be billed one month in advance.
- ♦ Out-of-pocket expenses will be billed monthly as incurred.

Invoices for the consulting fees and out-of-pocket expenses will be sent via e-mail.

ASSUMPTIONS AND CONSULTANT CONDITIONS

The project completion dates and costs are based on the following assumptions and conditions:

- 1) GCSC will provide a project coordinator who has authority to coordinate information collection and establish meeting schedules.
- 2) The proposed methodology and schedule are followed. A visit plan will be submitted to GCSC upon acceptance of the proposal or sooner, if so requested.
- 3) GCSC personnel will be available for interviews so that consultant will have full schedules while on site (at least a seven-day notice will be provided).
- 4) GCSC will provide office space for use by the consultant while on site. Space is required to coordinate information among consultant, for GCSC administration and medical staff to locate consultant, and for consultant to store materials.
- 5) Within 21 days from the date of proposal, a notice of intent to contract must be made.
- 6) The costs quoted in this proposal will remain in effect for a period of 30 days from the date of the proposal. Proposal is void at the end of 30 days.
